

Butterflies

Children's Disability Fund

"I need support"

Notes on completing the application

Before you apply for a grant you need the support of a health professional, involved with your child, who will countersign the application. This person does need to be relevant to the grant. So if you want a piece of physical equipment, someone like an occupational therapist can help. If you want support with a communication device probably a speech therapist. You will need their email address to complete the application.

It is important to provide detailed information on what you are looking for and who we should buy it from. If you are looking for more than one piece of equipment please list them in the order of priority for you as we cannot guarantee to be able to buy everything you need, even if your application is successful. There is room below to apply for five pieces of equipment.

The information marked with an * below is required.

When you have completed the application form, please save it and email it to your chosen health professional, cc'ed to contact@butterfliescharity.org.uk. Explain in your email that you need them to confirm to contact@butterfliescharity.org.uk that they approve the application.

The Butterflies committee meets every 6 weeks and reviews all open applications. We will let you know on the day that your application is due to be considered. If your application is approved, the equipment will then be bought.

Alternatively, you can apply online using the form at <https://butterfliescharity.org.uk/i-need-support/>. Submitting the form will automatically notify both your chosen health professional and Butterflies.

About the health professional who will countersign this application

Countersignatory's name *

Countersignatory's email *
